“Our culture of caring for and trusting people, both employees and the traveling public, remains the foundation of Shuttle Express and SEA Black Car’s success.”

Jimmy Sherrell – Founder

“At Shuttle Express and SEA Black Car, we embrace community and service at the forefront with defining a culture of collective beliefs, values, and attitude. Culture has a major impact on our company environment and direction as it coincides with unity, communication, awareness, and understanding people.”

Kere S. Greene – President & CEO

Shuttle Express and SEA Black Car offer several safe, convenient, and comfortable transportation options for businesses throughout the greater Seattle area.

Do you need daily service? Just a few months of shuttles? Transportation for a large event? We've got you covered.

Choose from Private Van Service to Town Cars & SUVs to Private Charters and an Employee Shuttle Program.

Employee Commuter

Giving your employees an alternative to driving and parking every day is a great move for your company, your employees, and your community. In fact, it's the law in Washington State that larger companies are required to offer options for their employees.

The environmental benefits of an employee commuter shuttle program are clear~ fewer cars burning fuel, crowding roadways, and taking up valuable parking areas. A more pleasant commute also means healthier, happier employees.

Private Charters

If you're looking for a dependable, experienced charter company for your Puget Sound events and excursions, you've found the best! We've been taking people from point A to point B since 1987 and we know what it takes to provide outstanding guest service. Our professional chauffeurs will take good care of you whether it's a small gathering of friends and family or a large convention group.

Weddings, Proms + Special Events

Choose our chauffeured, luxury transportation for your wedding party, prom group or any extra special night.

We will take care of the driving, traffic, and parking hassles so you can enjoy your red carpet moment.

Options include:

- Luxury limousines
- Immaculate SUVs
- New black car sedans
- Coaches for group transportation (up to 55 guests)

Safety is our company's number one core value.

- We are fully registered and licensed.
- We are insured with five times the amount of insurance required by law.
- All chauffeurs are certified, background checked, and drug tested before driving with us.
- We do not allow alcohol or drugs in vehicles with minor guests not accompanied by adults.
- We dedicate time and resources to our safety training, and it shows!
